

What makes owning and operating a Freshly Squeezed™ franchise so much better than owning other franchise businesses?

1. We keep it simple!

We believe in doing one thing and doing it well. We are focused and committed to delivering fresh juices and smoothies, quickly and efficiently. Specializing exclusively in premium beverages means more choice for our customers and higher sales for our franchisees.

2. We provide great training and support

Prior to store opening we provide our franchisees with extensive education in our products and our system, together with hands-on training in all aspects of store operation. During the Grand Opening, a district manager is assigned to the new franchise location, assisting new franchisees with everything from organizing the store, to preparing and serving drinks, to managing the cash.

3. Your franchise store will be fully constructed and delivered to you, ready to operate!

Just like our juices, our franchise stores are delivered to owners ready-to-operate! We have a dedicated team searching the country for prime locations, eliminating the stress of having to find a suitable location. We do everything from negotiating the lease to constructing the store, to stocking your inventory. You can't beat that!
